

SUPER SAFE HIRE

— SUPER SAFE SCAFFOLDS —

PLANKED WALKWAY SCAFFOLD

- ✓ The most efficient system used for installation on both single and double storey housing of
 - ✓ Fascia/gutter
 - ✓ Roof trusses.
- ✓ Also known as 2 plank, 3 plank and hang on scaffold
- ✓ This system will reduce most risks of outward fall situations
- ✓ This system is light, easy to erect and extremely cost effective
- ✓ This walkway system is adjustable for various height set-ups as well as for different size eaves.
- ✓ This 4 rail system (kickboard optional) is designed to overcome most on site applications.
- ✓ Typically the platform is set 1.0 metre down from the fascia or 900mm – 1100mm above the projected roof line
- ✓ A suitable scaffold system can be designed based on information and plans provided with accurate details, sizes and specifications
